

THE SCIENCE EXCHANGE

*Elevating scientists and the role
of science in policymaking*

A Culture of Change

Join us for our first Science Exchange panel discussion featuring women scientists from across the Agency. This panel will discuss their career highlights and challenges, opportunities for the future, and how we can make science careers more accessible to women.

March 12, 2021 | 12:30-1:30 PM
Register for the Zoom event [HERE](#).
